

Articulation Memorandum
CSMlearn, Public Benefit Corporation
and Colleges within the
West Virginia Community & Technical College System

This Agreement is between CSMlearn, Public Benefit Corporation (CSMlearn), and colleges within the West Virginia Community & Technical College System, and defines the prior learning credits (PLC) that will be accorded to the CSM Course by virtue of its credit recommendation from the American Council on Education (ACE) for 3 semester hours in quantitative reasoning at the lower division baccalaureate level.

Each college that is party to this Agreement is a Signatory College.

Articulation

Each Signatory College will indicate below the course for which equivalency will be accorded, and will indicate whether the course satisfies the general education mathematics requirements for an associate degree at that College. The Effective Date for the Articulation with each Signatory College will be the date of the Signatory College signature on the associated counterpart.

Public disclosure

Both CSMlearn and each Signatory College may promote this Agreement and the associated articulation. Each Signatory College has permission to use the CSMlearn logo on its website and materials, and CSMlearn has permission to use the Signatory College logo on its website and materials.

Termination at will

Each Signatory College may independently change this articulation at its option at any time, and agrees to communicate any changes in articulation to CSMlearn at least 30 days in advance.

Counterpart

Each Signatory College may execute this agreement in counterpart, which combined shall constitute the entire Agreement.

CSMlearn, Public Benefit Corporation

Miriam Goldberg

Chief Education Officer

Date: 6/22/2021

Execution page for a Signatory College

Signatory College name: Blue Ridge Community and Technical College

Course equivalency for the CSM Certificate:

- Course number (e.g. MATH 1010): MATH 100 and MATH 102
- Course name: Introduction to Mathematics and Technical Mathematics

Does this course satisfy the general education mathematics requirements for graduation

Yes or No?_

No. The above courses satisfy the general education mathematics requirements for certain occupational degree programs; exclusions do apply.
