MINUTES

WEST VIRGINIA COUNCIL FOR COMMUNITY AND TECHNICAL COLLEGE EDUCATION

April 24, 2025

A meeting of the West Virginia Council for Community and Technical College Education was held via Zoom beginning at 9:30 am. Council members present were: William Baker, Robert Brown, Clinton Burch, Michael Graney, Sandra Hamilton, Elizabeth Manuel, Tracy Miller, Joseph Oliverio, Andrew Payne, and Steve Roberts. Absent were: Christina Cameron and Traci Nelson. Also in attendance were Council staff, community and technical college presidents, faculty, staff, and guests.

Call to Order

In Chairman Christina Cameron's absence, Vice Chairman Steve Roberts served as Chairman and called the meeting to order noting a quorum was present.

1. Approval of Minutes

Mr. Baker moved the adoption of the minutes from the January 16, 2025, March 3, 2025, and April 7, 2025, meetings of the West Virginia Council for Community and Technical College Education.

Ms. Miller seconded the motion. Motion carried.

2. Annual Reauthorization of Two-year Degree-Granting Institutions

Mr. Brown moved the adoption of the following resolution:

RESOLVED, That the West Virginia Council for Community and Technical College Education approves annual reauthorization (through June 30, 2026) for Ameritas College, Laurel College of Technology, West Virginia Junior College (Morgantown) and West Virginia Junior College (Bridgeport/Charleston).

Ms. Hamilton seconded the motion. Motion carried.

3. Applied Associate of Science in Nursing Degree at Med-Care Training Center, Inc.

Ms. Miller moved the adoption of the following resolution:

RESOLVED, That the West Virginia Council for Community and Technical College Education approves Med Care Training Center to begin offering an LPN to RN bridge associate degree program with the implementation of the Applied Associate of Science in Nursing for implementation in fall of 2025. This approval expires two years from the date of Council approval if the program is not fully implemented by that time.

Mr. Brown seconded the motion. Motion carried.

4. Technical Program Development Grant Awards

Mr. Oliverio moved the adoption of the following resolution:

RESOLVED, that the West Virginia Council for Community and Technical College Education approves the Technical Program Development grant awards as proposed.

Mr. Baker seconded the motion. Motion carried.

5. Appointment of Officer Nominating Committee

In accordance with West Virginia Code §18B-2B-4, the West Virginia Council for Community and Technical College Education is required to conduct officer elections at its final, regularly scheduled meeting of each fiscal year. Accordingly, the Council will hold officer elections during its meeting scheduled for May 29, 2025. Newly elected officers will assume their roles effective July 1, 2025, and will serve one-year terms.

Following a discussion with Chairman Christina Cameron, Vice Chairman Steve Roberts, acting on her behalf, appointed Bob Brown, Michael Graney and Tracy Miller to serve on the Officer Nominating Committee. The committee will prepare and present a slate of officer nominees for consideration at the May meeting.

6. Update on Southern West Virginia Community and Technical College

Dr. Corley Dennison, Interim President of Southern West Virginia Community and Technical College, provided an institutional update following actions taken by the West Virginia Council for Community and Technical College Education at its emergency meeting on April 7, 2025.

Dr. Dennison acknowledged that upon his arrival, there were widespread questions regarding his role and mission at the college. He recognized the uncertainty experienced by students, faculty, and staff in recent months, and many wanted clarity about the future direction of the institution.

During his first two weeks, Dr. Dennison held multiple meetings with the President's Cabinet, participated in productive discussions with the Chairman of the Board of Governors, and addressed faculty and staff during a previously scheduled Governance Day. Additionally, he attended a regular meeting of the Board of Governors.

Dr. Dennison outlined a proposed three-phase plan to guide the institution forward:

Phase One (Now–June 30, 2025):

The immediate focus will be on ensuring a successful conclusion to the academic year, including graduation and registration for summer and fall semesters. Preparations will begin for the upcoming Higher Learning Commission (HLC) focus visit in the fall, which will primarily examine governance. A decision will also need to be made regarding the institution's leadership beyond June 30.

Phase Two (July 1, 2025–June 30, 2026):

The institution will continue to address HLC concerns, particularly those to be examined during the fall focus visit. Dr. Dennison noted that resolving these matters and establishing

a clear strategic direction will likely require the full academic year. Identifying long-term leadership for the college will also be a key priority.

Phase Three (July 1, 2026–April 2027):

This phase will center on implementing any recommendations or mandates resulting from the HLC visit. It will also involve the execution of a comprehensive strategic plan and securing permanent leadership for the institution.

7. West Virgina Network Services and Support Overview

Steven White, Executive Director of West Virginia Network (WVNET), provided an overview of services provided by WVNET primarily for K-12, higher education and state agencies. Mr. White stated that operating a modern, robust and reliable network remains at the core of WVNET's mission. WVNET has upgraded from older technologies to the latest fiber and multiple-gigabyte connections. This year, WVNET is undergoing a major network upgrade that includes the replacement of networking equipment from multiple 10GB connections to 100GB. This significantly increases bandwidth capacity and improves reliability, while reducing costs. These upgrades are made possible through a Congressionally Directed Spending (CDS) grant awarded to WVNET in 2023.

Additionally, Mr. White reported that cybersecurity remains a persistent challenge for our community and technical colleges. He said that several institutions have experienced system breaches, requiring extensive support from WVNET and other external agencies to secure their systems and restore data. Recognizing the ongoing nature of this issue, WVNET is working to establish a shared Chief Information Security Officer role. This initiative aims to provide essential resources to schools that might otherwise struggle due to budget constraints.

8. Additional Comments/Chancellor's Report

Comments from Chancellor Tucker:

Chancellor Sarah Tucker provided an overview of the 2025 legislative session. She reported that the rules bill passed without amendments. Additionally, necessary revisions to outdated or unclear code language were approved. Chancellor Tucker noted that the Legislature adhered to the established funding formula for institutional budgets, including an inflationary adjustment. However, due to budgetary constraints, the higher education inflationary rate of 5% was not adopted. Instead, a 0.25% adjustment was approved.

She discussed increases on the employer side of the Public Employees Insurance Agency (PEIA). Dr. Tucker spoke to the fiscal impact of these changes, noting that the cumulative cost to institutions is approximately \$500,000 over the past three years. She also shared that Governor Morrisey has expressed interest in convening a special session to further examine the future impact of PEIA changes.

Dr. Tucker reported that the West Virginia Invests Grant Program experienced a \$2 million reduction, justified by a reserve balance intended to offset the shortfall. She emphasized the importance of the program and indicated that a request will be made during the next legislative session to restore the \$2 million to the program's budget.

The STAND apprenticeship program also faced budget adjustments. This initiative, designed to allow skilled trades students to complete an associate degree through one of the state's community and technical colleges, was authorized last year without funding. This year, the Legislature allocated \$1 million to support its implementation.

Dr. Tucker discussed the passage of the Board of Governors bill, which primarily targets West Virginia University and West Virginia State University but carries implications for all public institutions. The legislation removes voting rights for constituent board members—including faculty, staff, and students—at both two- and four-year institutions. These members will retain their positions but will now serve in a non-voting capacity.

The final bill discussed was the 60+60 Transfer bill. This legislation establishes a seamless transfer pathway for students at a community or technical college to continue their education at a four-year institution within the state. The pathways will be specific to programs that are academically appropriate. The bill also extends to dual enrollment students in high school, allowing for smoother transitions into the state's community and technical colleges.

Council Member Comments

Council Member Elizabeth Manuel raised questions regarding the Med-Care Training Center's LPN to RN Bridge Associate Degree Program. She inquired whether market demand and potential overlap with existing programs at Southern West Virginia Community and Technical College had been assessed. Additionally, she sought clarification on whether the region has sufficient clinical placement capacity to accommodate the program's proposed enrollment of 20 students.

There being no further business, the meeting was adjourned.

Next Regularly Scheduled Meeting					
Council Meeting: Time: Location	May 29, 2025 9:30 am TBD

Tracy Miller, Secre	tary				

WV Council for Community and Technical College Education Meeting of May 29, 2025

ITEM: Fiscal Year 2026 Operating and Capital

Budgets for All Institutions

INSTITUTIONS: All

RECOMMENDED RESOLUTION: Resolved, That the West Virginia Council for

Community and Technical College Education approve the Fiscal Year 2026 operating and

capital budgets for all institutions.

STAFF MEMBER: Misty Price

BACKGROUND:

West Virginia Code defines the power and duties of the West Virginia Council for Community and Technical College Education (Council). One such power is to review and approve institutional budgets - §18B-2B-6(d)(5) Development of budget and allocation of resources for institutions delivering community and technical college education, including reviewing and approving institutional operating and capital budgets and distributing incentive and performance-based funding.

Budgets for Fiscal Year (FY) 2026 were prepared using a slightly different format than prior years to make comparison across the system consistent. The budgets include operating and nonoperating budgets, as well as a budget for capital projects.

A cash balance analysis is also included for the current year to provide an analysis of the institutions' cash reserves. Cash balances as of March 31 of the previous and current year as well as the year end cash balances for both years are provided.

Based upon the review by Council staff, staff recommends approval of these budgets.

WV Council for Community and Technical College Education Meeting of May 29, 2025

ITEM: WV Council for Community and Technical College

Education Fiscal Year 2026 Operating Budget

INSTITUTIONS: WV Council for Community and Technical College

Education System Office

RECOMMENDED RESOLUTION: Resolved, That the West Virginia Council for

Community and Technical College Education approves the operating budget for the Council

System Office for fiscal year 2026.

STAFF MEMBER: Misty Price

BACKGROUND:

This request is for the approval of the proposed operating budget of the Council System Office for fiscal year 2026. General revenue appropriations will be utilized for the operating expenses of the office, funding for full-time staff members, and funding system initiatives.

The recommendation is to approve the fiscal year 2026 operating budget as presented below.

West Virginia Council for Community and Technical College Education						
FY 2026 Budget						
	Total	Operating Expenses	Institution Support	Financial Aid		
Appropriations and Revenues						
General Revenue and Lottery Appropriations	\$14,846,467	\$1,234,283	\$8,874,321	\$4,737,863

ITEM: Higher Education Resource Assessment

Fiscal Year 2026

INSTITUTIONS: All

RECOMMENDED RESOLUTION: Resolved, That the West Virginia Council for

Community and Technical College Education approves the Higher Education Resource Assessment (HERA) for Fiscal Year 2026 to the community and technical colleges

as shown in Table 1 of the agenda item.

STAFF MEMBER: Misty Price

BACKGROUND:

West Virginia Code §18B-10-2 provides for the WV Council for Community and Technical College Education (Council) to establish a Higher Education Resource Assessment (HERA). The Council and Higher Education Policy Commission are to use funds generated through the assessment to meet general operating expenses, fund statewide programs, and to "offset the impact, if any, on financially needy students of any potential assessment increase" (West Virginia Code 18B-10-2(d)).

The passage of Senate Bill 448 in 2004, allowed the Council to adopt a procedure for assessing community and technical colleges at a fixed percentage of 1.5% of their prior year estimated gross tuition and required fees. The procedure minimizes annual changes in allocations by institution and is predictable for budgeting purposes. Council staff recommend continuing this assessment procedure for Fiscal Year (FY) 2026.

Table 1 shows the calculation of the HERA assessment at 1.5% of estimated gross tuition and required fees for each institution. The total FY 2026 assessment is \$762,187 – an increase of \$103,073 over the FY 2025 assessment of \$659,114. The net change is primarily due to an increase in tuition and fee rates from FY2024-2025. Staff recommends that HERA revenue be dedicated to statewide initiatives.

The recommendation is to approve the Higher Education Resource Assessment as presented.

Table 1

ITEM: FY 2026 Tuition and Fees

INSTITUTIONS: All

RECOMMENDED RESOLUTION: Information Item

STAFF MEMBER: Misty Price

BACKGROUND:

West Virginia Code §18B-10-1 (k)(1) requires the West Virginia Council for Community and Technical College Education (Council) to approve any resident tuition and fee increase greater than ten percent in any one year or where the increase would be more than seven percent per year, averaged over a rolling three-year period calculated by averaging the proposed increase with the increase for the immediate two previous years. Further, the 2024 legislative rule Series 32, *Tuition and Fees*, clarifies the process the Council will use to:

- a) Review supplemental and program fees; and,
- b) Review non-resident tuition rates.

Senate Bill 335 that was passed during the 2021 legislative session expanded the West Virginia Invests Grant to include academic program fees. The legislation requires all academic program fees charged in addition to base tuition to be approved by the Council to be eligible for the West Virginia Invests.

The resident tuition and fee increases for all institutions were below the threshold required for Council approval.

The Higher Education Price Index inflation rate was 3.4 percent for 2024. Tuition and fee data are provided in the following tables.

Table 1 reflects:

- Summary of the proposed academic year (AY) 2025-26 resident tuition and fee increases for all institutions.
- Revenue projections for resident fee increases using AY 2023-24 resident Annualized Full-Time Equivalent (AFTE) enrollment; and,
- c) Institutions' state appropriation increased 2.4% on average over the FY 2025 budget.

Table 2 reflects:

- a) Tuition and fees breakdown between Education and General (operating funds), Auxiliary; and,
- b) Capital Fees for both proposed resident and non-resident tuition and fees.

Table 3 reflects each institution's rate of student financial aid participation for academic year 2023-24.

Table 4 reflects the changes in general revenue funding for FY 2025-26.

Table 5 includes the FY 2025 calculated education and general tuition and fees revenue using AFTEs plus the FY 2026 general revenue.

Table 6 reflects the last six years of tuition and fee increases, the five-year average annual increases, and the total dollar increase over the past five years.

REVIEW OF NON-RESIDENT AND REDUCED NON-RESIDENT (METRO) FEES

Table 7 – Full Cost of Instruction Calculation:

In accordance with Series 32, Council staff performed a review of non-resident and reduced non-resident (metro) tuition and fees for each institution. This review consisted of calculating the cost of instruction per AFTE using FY 2024 audited financial data. In addition, staff reviewed the non-resident and reduced non-resident (metro) tuition and fees for AY 2024-25 to ensure that none were below the lesser of the institution's cost of instruction per AFTE or the System average. All preliminary non-resident and reduced non-resident tuition rates that were not above either the minimum of the institution's specific instructional costs per AFTE or the System average were evaluated and resolved accordingly.

Table 8 - Non-Resident and Reduced Non-Resident Tuition and Fee Increases:

This table reflects the non-resident and reduced non-resident (metro) tuition and fee increases. This table also includes a revenue projection for the non-resident fee increases using the FY 2024-25 non-resident Annualized Full-Time Equivalent (AFTE) enrollment.

REVIEW OF PROGRAM AND SPECIAL FEES

Tables 9 and 10:

These tables reflect supplemental fees and program fees for each institution. As noted previously, in accordance with Series 32, Council staff performed a review of all supplemental fees to determine if any fee affected more than 50% of the college's students. These tables identify fees that are covered by WV Invest Funds.

- * **Table 9** reflects a listing of all supplemental fees.
- * **Table 10** reflects a listing of all program fees.

West Virginia Council for Community and Technical College Education 2022-23 State and Federal Grant and Loan Participation Rate Table Three

Institution	Total	Full-Time Students	Part-Time Students	Students Age 18 to 24	Students Age 25 and Over
Blue Ridge Community and Technical College	21.7%	65.5%	15.2%	43.7%	15.6%
BridgeValley Community and Technical College	62.8%	80.6%	45.3%	66.6%	61.3%
Eastern WV Community and Technical College	26.8%	72.3%	14.8%	36.6%	40.0%
Mountwest Community and Technical College	50.4%	74.3%	36.0%	55.9%	63.9%
New River Community and Technical College	41.5%	64.7%	26.8%	46.3%	69.8%
Pierpont Community and Technical College	31.7%	72.9%	16.4%	49.0%	69.1%
Southern WV Community and Technical College	80.1%	87.6%	72.9%	78.1%	78.0%
WV Northern Community College	43.6%	70.2%	32.2%	43.2%	70.3%
WVU - Parkersburg	43.1%	80.2%	24.3%	59.4%	46.5%
Total	41.0%	75.5%	26.1%	54.7%	40.7%

^{*}Participation rate consists of the number of students receiving federal, state, or institutional grants or waivers or federal loans divided by unduplicated headcount for that year. It does not include veterans' benefits, vocational rehabilitation benefits, other educational benefits, but does include work study.

ITEM: Academic Fees Eligible for WV Invests

INSTITUTIONS: All

RECOMMENDED RESOLUTION: Resolved, That the West Virginia Council for

Community and Technical College Education approves

the academic fees eligible for WV Invests.

STAFF MEMBER: Brian Weingart

BACKGROUND:

Senate Bill 335 that was passed during the 2021 Legislative Session expanded the West Virginia Invests Grant to include academic program fees. The legislation requires all academic program fees charged, in addition to base tuition, to be approved by the Council to be eligible for the West Virginia Invests Grant.

Please see agenda item 5 for a list of fees to be considered for West Virginia Invests.

ITEM: Appointment to the Higher Education Student

Financial Aid Advisory Board

INSTITUTIONS: All

RECOMMENDED RESOLUTION: Resolved, That the West Virginia Council for

Community and Technical College Education approves the appointment of Anna Crawford to the Higher Education Student Financial Aid

Advisory Board for a three-year term.

STAFF MEMBER: Brian Weingart

BACKGROUND:

The Higher Education Student Financial Aid Advisory Board is a body statutorily charged to provide financial aid expertise and policy guidance to the Higher Education Policy Commission and the Council for Community and Technical College Education on matters related to federal, state, and private student financial aid resources and programs.

The Higher Education Student Financial Aid Advisory Board consists of seven members. Three members are appointed by the Commission, two members by the Council, one member by the West Virginia Independent Colleges and Universities, and one member by the West Virginia School Counselor Association. According to statute, although original appointments by the Council were for different term lengths, subsequent appointments shall be for three-year terms. Members are eligible to succeed themselves for one additional consecutive term.

The statute provides that members appointed by the Council shall possess a broad knowledge of state and federal higher education student financial aid programs and have experience in administering these programs, preferably at the system or campus level.

The Council approves membership on this Board. Currently, there is a vacant position where a board member has served the maximum amount of time allowed. Anna Crawford has been recommended and is able to serve a three-year term that begins July 1, 2025. Anna Crawford is the Assistant Dean of Financial Aid & Records at Blue Ridge Community and Technical College.

ITEM: Higher Education Adult Part-Time Student (HEAPS)

High-Demand Programs

INSTITUTIONS: Community and Technical Colleges, Public School

Technical Centers and Proprietary Schools

RECOMMENDED RESOLUTION: Resolved, That the West Virginia Council for

Community and Technical College Education approves areas of training for skill development and demand occupations for the workforce development component

of HEAPS for fiscal year 2026.

STAFF MEMBER: Brian Weingart

BACKGROUND:

West Virginia Code requires that twenty-five percent of HEAPS appropriations be dedicated to workforce development programs for individuals in need of additional training to upgrade their employment skills or to enter a new occupation. For Fiscal Year 2026, it is recommended that the Council approve the occupational fields and training programs listed on the following page to be given priority consideration for the twenty-five percent workforce development component of HEAPS.

Workforce Development Component of HEAPS High Demand Occupations - FY 2026

ITEM: Revisions to Series 23, Basic Guidelines and

Standards for Admissions at Community and

Technical Colleges

INSTITUTIONS: All

RECOMMENDED RESOLUTION: Resolved, That the West Virginia Council for

Community and Technical College Education approves revisions to Series 23, Basic Guidelines and Standards for Admissions at Community and Technical Colleges, to be filed with the Secretary of State for the 30-day public comment period and if no substantive comments are received that the Council

extends its final approval.

STAFF MEMBER: Joseph Jenkins

BACKGROUND:

Revisions to Series 23, *Basic Guidelines and Standards for Admissions at Community and Technical Colleges* are necessary to provide guiding language to include admissions procedures that were removed from Series 21, *Freshman Assessment and Placement Standards*.

The suggested changes are as follows:

Title: added...AND PLACEMENTS, to include placement parameters for admissions.

Sections 1 through 6

- Clarifying language throughout
- Renumbering throughout the rule due to revisions

§135-23-2 Statement of Principles. (additions)

- 2.3: Principle outlining parameters for placement of students into required Math and English courses.
- 2.4: Principle outlining uniform procedures for new student assessment and placement at an institutional level
- 2.5: Principle outlining co-requisite parameters for those students in need of remediation.

§135-23-3. Basic Admissions Standards.

 3.1.3.: Permitting students without a high school diploma or recognized equivalency to enroll with regular evaluations to ensure their academic success.

§135-23-4. Multiple Measures Placement Criteria.

- New section to provide institutional autonomy for admissions/placement criteria.
- 4.1: Defines "multiple measures"
- 4.2: Requirement of evidence of successful high school completion
- 4.3: The College Entrance Examination Board (CEEB) ID can verify the diploma-issuing institution.
- 4.4: Institutions can use various methods to determine placement:
 - 4.4.1.: Records of traditional academic performance
 - 4.4.2.: Records of nontraditional performance
 - 4.4.3.: Standardized examinations
 - 4.4.4.: College equivalency examinations
 - 4.4.5.: recommendations and reports of interviews

§135-23-5. Co-requisite Course Requirements.

- New section outlining co-requisite courses and related student supports.
- 5.1: Co-requisites defined
- 5.2: Academic support and monitoring for the student defined

§135-23-6. Institutional Admissions Policies.

• Renumbered due to revisions and streamlining of the rule.

135CSR23

TITLE 135 PROCEDURAL RULE WEST VIRGINIA COUNCIL FOR COMMUNITY AND TECHNICAL COLLEGE EDUCATION

SERIES 23 BASIC GUIDELINES AND STANDARDS FOR ADMISSIONS <u>AND PLACEMENTS</u> AT COMMUNITY AND TECHNICAL COLLEGES

§135-23-1. General.

- 1.1. Scope. -- This rule establishes basic guidelines and standards for institutional admissions policies for community and technical colleges.
 - 1.2. Authority. -- W. Va. Code §§18B-1-1A; 18B-2B-6; 18B-3C-2.
 - 1.3. Filing Date. -- February 11, 2015.
 - 1.4. Effective Date. -- March 13, 2015.

§135-23-2. Statement of Principles.

- 2.1. It is the intent of the Council for Community and Technical College Education (Council) that West Virginia residents have access to higher education opportunities commensurate with their interests and abilities. Working toward this end, the Council continues to encourage the development of academic programs which allow citizens throughout West Virginia to develop to the fullest, their capabilities for work and fulfillment of life. It is further the intent of the Council that admissions policies at the state-supported community and technical colleges should will foster the attainment of these broad goals of access to the highest extent possible within the limits of available education programs and resources.
- 2.2. In recognition of the diverse education programs offered by the different community and technical colleges, the Council considers it more appropriate to establish basic statewide guidelines and standards than to provide detailed provisions related to admissions criteria and procedures. Accordingly, the Council has identified certain basic guidelines and standards around which the community and technical colleges shall develop specific institutional admissions policies and practices are to be developed.
- 2.3. This rule provides West Virginia community and technical colleges the parameters for establishing institutional procedures for the placement of students into required mathematics and English courses that can be applied toward an undergraduate academic certificate or degree.
- 2.4. The standards for new student assessment and placement are likewise designed to establish uniform procedures for the placement of students into required mathematics and English courses that can be applied toward an undergraduate academic certificate or degree at each institution.
- 2.5. Full or part-time students identified as requiring remediation must enroll in any required corequisite courses or other entry-level college courses with supplementary academic support during the first 30 credits of enrollment. Exemptions to this policy can only be made by an institution's dean or designee.

§135-23-3. Basic Admissions Standards.

- 3.1. As a means of ensuring a reasonable chance of promoting student success in the postsecondary education programs for which students seek admission and of making the most productive use of effectively utilizing federal, state and community resources, institutional admissions policies shall incorporate the following basic standards these guiding principles.
- 3.1.a1. Admission to community and technical colleges is open to any person age eighteen 18 or older and able to benefit from post-secondary study at the community college level.
- 3.1.b2. Those who possess have earned a high school diploma recognized by a state department of education or who have earned an appropriate high school equivalency assessment credential may enroll as certificate degree or associate degree-seeking students.
- 3.1.e3. Other persons Students without a high school diploma or recognized equivalency may enroll as certificate degree or associate degree-seeking students on an <u>aAbility to bBenefit</u> basis but shall be regularly evaluated with regular evaluations to ensure continued academic success to determine whether their performance indicates an ability to continue their studies.
- 3.1.<u>44</u>. Students seeking transfer admission or readmission to a community and technical college must meet the institution's basic admission standards.
- 3.1.e<u>5</u>. Early admissions standards for high school students enrolling in community <u>and technical</u> colleges are subject to the requirements of Section 135-19-6 of 135CSR19, Guidelines for Offering Early Enrollment Courses for High School Students.
- 3.2. Copies of high school transcripts, health records and transcripts of previous college work are not required for admission to community <u>and technical</u> colleges. Participation in certain federal, state, and/or institutional financial aid programs or admission to specific academic programs do require that copies of high school transcripts, satisfactory scores earned on a nationally recognized high school equivalency test and/or prior college work be provided. Individuals are encouraged to check with the appropriate institutional officials to determine the documents required for participation in, or admission to such programs.

§135-23-4. Multiple Measures Placement Criteria.

- 4.1. Multiple Measures is a strategy whereby community and technical colleges incorporate two or more criteria for placement. Under a multiple measures approach, standardized testing is no longer the sole means of determining if a student is prepared for college-level coursework.
- 4.2. Official high school transcripts, an official High School Equivalency Diploma, or Council approved high school equivalency test scores are required to be on file for each incoming student who is registered in an undergraduate degree program. Such documents shall be on file with the institution prior to the end of the first semester of the student's attendance.
- 4.3. The institution issuing the diploma can be validated by a College Entrance Examination Board (CEEB) code, by a state department of education, or by other established procedures determined by the institution.
- 4.4. Institutions may use, but shall not be limited to, the use of, the following information in determining placement:
- 4.4.1. Records of traditional academic performance relative to the specific educational program to which the student seeks entry.

- 4.4.2. Record of nontraditional learning experiences.
- 4.4.3. Standardized examinations relative to the requirements of the program to which the student seeks entry.
- 4.4.4. College equivalency examinations such as the College Level Examination Program (CLEP), special preparatory programs such as the Advanced Placement Program of the College Entrance Examination Board, and the International Baccalaureate Diploma.
 - 4.4.5. Recommendations and reports of interviews.

§135-23-5. Co-requisite Course Requirements.

- 5.1. Co-requisite courses are credit-bearing courses that provide aligned academic support for basic and required English or mathematics courses. These co-requisite course(s) are a required component of the academic course(s). Co-requisite courses are designed for students who do no meet placement requirements for a required mathematics or English course. In these co-requisite courses, the content is the same as the traditional credit-bearing course, but students are obligated to attend and participate in the academic support programs provided. Student attendance and participation is required to successfully complete the course.
- 5.2. Academic Support Programs are provided to help students overcome challenges and succeed in their academic pursuits. Programs encompass a broad array of educational strategies that include, but are not limited to, modular course delivery; summer boot camps; extra class sessions; accelerated learning program (ALP) model; supplemental instruction; additional lab instruction; tutoring; and/or other instructional strategies which provide additional in-class or outside-class assistance and monitoring of student progress beyond that usually associated with entry-level college credit courses.

§135-23-46. Institutional Admissions Policies.

- 46.1. Institutional admissions policies shall specify the basic admissions requirements of the institution as well as any requirements for entry into specific programs and participation in financial aid programs eligibility.
- 46.2. All institutional admissions policies shall be consistent with the "open admissions" philosophy of the comprehensive community college.
- 46.3. All institutional admissions policies shall be consistent with existing Council policies and applicable State and Federal regulations regarding nondiscrimination.
- 46.4. All institutional admissions policies shall be submitted to the Council for evaluation in terms of their compatibility with stated Council policies. Any amendments to admission policies shall be submitted to the Council prior to their actual implementation at the institutional level.
- 46.5. Subject to Council approval, institutions may establish more rigorous admission standards for admission into specific programs.

WV Council for Community and Technical College Education Meeting of May 29, 2025

ITEM: Series 28, Emergency and Legislative Rules,

Skilled Trades Apprenticeship Nontraditional

Degree (STAND) Program

INSTITUTIONS: All

RECOMMENDED RESOLUTION: Resolved, That the West Virginia Council for

Community and Technical College Education approves the proposed Emergency rule, Series 28, Skilled Trades Apprenticeship Nontraditional Degree (STAND) Program, to be filed with the

Secretary of State; and

Be it Further Resolved. That the Council approves the proposed Legislative Skilled Series 28. **Trades** rule. **Apprenticeship** Nontraditional Degree (STAND) Program, to be filed with the Secretary of State for a thirty-day public comment period, and if no substantive comments are received, forward the rule to the Legislative Oversight Commission on Education Accountability for approval

STAFF MEMBER: and further legislative action.

BACKGROUND: Joseph Jenkins

The Skilled Trades Apprenticeship Nontraditional Degree (STAND) Program was created through the passage of House Bill 5435 during the 2024 Regular Session of the West Virginia Legislature. Codified in W. Va. Code §18B-3D-7, the STAND Program is designed to integrate classroom-based general education coursework with federally registered apprenticeship training, enabling eligible apprentices and apprenticeship certificate holders to earn Associate of Applied Science (A.A.S.) degrees from a West Virginia public community and technical college.

The legislation directs the Council to develop and administer the program, allowing public community and technical colleges to deliver up to 15 credit hours of general education courses to eligible participants. These courses must align with the general education requirements of an A.A.S. degree and must be offered at no cost to the student. The program provides a bridge between technical training and post-secondary credentials,

supporting workforce development goals by recognizing the value of apprenticeship experience within higher education pathways.

Although the program was authorized in 2024, no funding was provided at that time. In 2025, the Legislature appropriated \$1.03 million to the Council to support program implementation and the cost of tuition and fees for participating students.

Pursuant to the legislative directive, Council staff have developed Series 28, a new rule that establishes the policies and procedures for administering the STAND Program. The rule outlines eligibility criteria for students and institutions, cost coverage limitations, payment and reporting procedures, and audit requirements.

Council staff recommend that the Council approve both the Emergency Rule and the Legislative Rule versions of Series 28 as part of this agenda item. If the legislative rule is approved, it will be filed with the West Virginia Secretary of State and subject to a 30-day public comment period. Provided no substantive comments are received during that time, the rule will then be forwarded to the Legislative Oversight Commission on Education Accountability (LOCEA) for approval and subsequent legislative action during the 2026 Regular Session.

Approval of both versions at this time ensures that the STAND Program may be implemented promptly while simultaneously complying with the full legislative rulemaking process.

TITLE 135 EMERGENCY RULE WEST VIRGINIA COUNCIL FOR COMMUNITY AND TECHNICAL COLLEGE EDUCATION

SERIES 28 SKILLED TRADES APPRENTICESHIP NONTRADITIONAL DEGREE (STAND) PROGRAM

§135-28-1. General.

- 1.1. Scope. -- This rule establishes guidelines and procedures for administering the Skilled Trades Apprenticeship Nontraditional Degree (STAND) Program, created pursuant to W. Va. Code §18B-3D-7.
 - 1.2. Authority. -- West Virginia Code §18B-1-6 and §18B-3D-7.
 - 1.3. Filing Date. -- [Insert Filing Date]
 - 1.4. Effective Date. -- [Insert Filing Date]
- 1.5. Sunset Provision. -- This rule shall be terminated and have no further force or effect on [Insert 5 years from effective date].

§135-28-2. Administration.

2.1. The Chancellor for Community and Technical College Education shall administer the STAND Program under the general direction of the Council.

§135-28-3. Institution Eligibility.

3.1. Only public community and technical colleges authorized by the Council and offering associate of applied science degrees are eligible to participate in the STAND Program.

§135-28-4. Student Eligibility.

- 4.1. To be eligible for participation in the STAND Program, an applicant must:
- 4.1.1. Be a citizen or legal resident of the United States who meets the residency requirements for federal student aid;
- 4.1.2. Have been a resident of West Virginia for at least one year immediately preceding the date of application;
 - 4.1.3. Be at least 18 years of age;
- 4.1.4. Have earned a high school diploma or passed a state-approved high school equivalency exam:
- 4.1.5. Be currently enrolled in a registered apprenticeship program recognized by the United States Department of Labor's Office of Apprenticeship, or hold a Certificate of Completion of Apprenticeship issued by the U.S. Department of Labor;

- 4.1.6. Submit a completed STAND Program application and any additional documentation required by the Council or participating institution;
- 4.1.7. Be accepted for enrollment into a participating community and technical college and meet the institution's standards for admission and Satisfactory Academic Progress (SAP);
- 4.1.8. Prior to the beginning of the academic year or initial term of enrollment, complete any administrative forms or disclosures required by the Council, including a student agreement acknowledging program requirements and time limits.
- 4.2. Eligible students must be enrolled in one or more general education courses applicable to an associate of applied science degree program approved by the participating institution.
 - 4.3. STAND Program participants must complete and pass all general education coursework:
 - 4.3.1. Within six (6) years from the initial date of enrollment in the STAND Program; or
- 4.3.2. Within two (2) years following the completion of the apprenticeship program, whichever period is longer for apprentices;
 - 4.3.3. For apprenticeship certificate holders, within six (6) years from the initial date of enrollment.
- 4.4. Prior to the conferral of an associate degree under the STAND Program, the participating institution must verify that the student-apprentice has completed a sufficient number of credit hours through coursework delivered directly by the conferring institution to satisfy institutional residency requirements established by the institution's regional accrediting body. Such credits may not be awarded through prior learning assessment or credit transfer.
- 4.5. Students must maintain compliance with all institutional and Council policies, including program participation requirements, course attendance, and academic performance standards.
- 4.6. Students may be simultaneously enrolled in both a participating community and technical college and a registered apprenticeship program. Institutions may award academic credit through a Prior Learning Assessment (PLA) process for eligible apprenticeship-related learning outcomes, even if the apprenticeship experience occurs concurrently with college enrollment. Such credit:
- 4.6.1. May be applied only to the technical or program-specific components of the associate degree plan;
 - 4.6.2. May not be used to satisfy general education requirements for the degree;
 - 4.6.3. Must be documented in accordance with institutional policy; and
- 4.6.4. Must meet accreditor requirements for transparency, academic rigor, and student learning assessment.
- 4.7. Each eligible student may receive STAND Program funding for general education coursework until whichever of the following occurs first or with fewer credit hours:

- 4.7.1. The student has completed twenty-one (21) credit hours of general education coursework funded through the STAND Program over the student's lifetime, regardless of the number of institutions attended or degree programs pursued; or
- 4.7.2. The student has met all general education requirements for an associate degree at the host institution.

§135-28-5. Tuition and Fees.

- 5.1. Tuition and eligible academic fees for courses completed as part of the STAND Program shall be paid directly by the Council to the participating institution, subject to available appropriations.
- 5.2. Participating institutions shall not charge student-apprentices or apprenticeship certificate holders enrolled in the STAND Program any additional tuition, mandatory institutional fees, or academic course fees for eligible coursework covered under the program.
- 5.3. The rate of tuition and fees charged to the Council for courses funded through the STAND Program must be the same as the rates charged to all other students enrolled in the same or similar courses at the institution.
- 5.4. Institutions may not establish special tuition or fee structures for STAND Program participants that differ from those published in the institution's approved schedule of tuition and fees, unless expressly approved in writing by the Chancellor.
 - 5.5. Fees eligible for reimbursement under the STAND Program shall be limited to:
 - 5.5.1. Tuition;
- 5.5.2. Course- or program-specific academic fees approved by the Council (e.g., lab or testing fees); and
- 5.5.3. Other academic charges required of all students enrolled in the same course or program that are considered eligible for funding through the West Virginia Invests Grant program.
 - 5.6. Fees that are not eligible for reimbursement include:
 - 5.6.1. Tools, uniforms, textbooks, or other consumable supplies;
 - 5.6.2. Parking, late registration, or student activity fees;
- 5.6.3. Any other fee deemed ineligible for funding through the West Virginia Invests Grant program; and
- 5.6.4. Any costs associated with the apprenticeship component of the program, including on-the-job training expenses.
- 5.7. Participating institutions shall submit documentation of tuition and fee rates, course enrollments, and verification of student participation in the STAND Program in a format and timeline prescribed by the Chancellor.

§135-28-6. Awards and Payment.

- 6.1. Subject to available appropriations, the Council shall pay directly to eligible institutions the tuition and academic fees incurred by student-apprentices for eligible courses, the process for which shall be determined by the Chancellor.
- 6.2. The maximum award per term shall not exceed the actual cost of tuition and Council-approved academic fees for eligible courses.
- 6.3. Should a STAND recipient terminate enrollment for any reason during the academic year, the institution shall return to the Chancellor the unused portion of the grant in accordance with the refund policy associated with Federal Title IV funds. The institution is responsible for returning to the Council the unused portion of the grant.
 - 6.4. Excess STAND funds shall not be refunded to the student.

§135-28-7. Program Delivery.

- 7.1. Institutions shall deliver courses in a manner and on a timeline designed to allow eligible students to complete at least 15 credit hours of general education coursework toward an associate of applied science degree.
- 7.2. Delivery formats may include in-person, hybrid, or online instruction, subject to institutional capacity and accreditation standards.

§135-28-8. Reporting.

- 8.1. Institutions must submit program data to the Chancellor in a format and frequency prescribed by the Chancellor.
 - 8.2. Such data shall include:
 - 8.2.1. The number of student-apprentices and apprenticeship certificate holders enrolled;
 - 8.2.2. The number of associate degrees earned through the program;
 - 8.2.3. Completion and progression metrics;
 - 8.2.4. Feedback and concerns raised by students, apprenticeship sponsors, and institutions.
- 8.3. The Chancellor shall submit an annual report to the Legislative Oversight Commission on Education Accountability by December 1 of each year.

§135-28-9. Appeals.

- 9.1. An applicant may appeal in writing, the decline of an initial award or renewal award or any other decision within fifteen (15) days of receiving notification, to the Chancellor or his/her designee. The Chancellor, or his/her designee, shall issue a written decision upholding or reversing the initial decision.
- 9.2. Any applicant appeal of a decision concerning satisfactory academic progress shall be referred to the institution for resolution consistent with the institution procedures established for this purpose.

§135-28-10. Reconciliation and Audits.

- 10.1. Prior to the close of each fiscal year, the financial aid office at each participating institution shall reconcile all STAND Program records with the following:
 - 10.1.1. The Council's records of STAND awards and disbursements; and
- 10.1.2. The institution's business office records documenting all STAND-related payments received from the Council.
- 10.2. All participating institutions shall be subject to periodic audits to ensure compliance with STAND Program requirements, applicable state and federal financial aid regulations, and Council policies.
- 10.3. The Council may require institutions to submit documentation or respond to audit findings within a specified timeframe. Failure to comply may result in the suspension of STAND Program participation or recovery of disbursed funds.

TITLE 135 LEGISLATIVE RULE WEST VIRGINIA COUNCIL FOR COMMUNITY AND TECHNICAL COLLEGE EDUCATION

SERIES 28 SKILLED TRADES APPRENTICESHIP NONTRADITIONAL DEGREE (STAND) PROGRAM

§135-28-1. General.

- 1.1. Scope. -- This rule establishes guidelines and procedures for administering the Skilled Trades Apprenticeship Nontraditional Degree (STAND) Program, created pursuant to W. Va. Code §18B-3D-7.
 - 1.2. Authority. -- West Virginia Code §18B-1-6 and §18B-3D-7.
 - 1.3. Filing Date. -- [Insert Filing Date]
 - 1.4. Effective Date. -- [Insert Filing Date]
- 1.5. Sunset Provision. -- This rule shall be terminated and have no further force or effect on [Insert 5 years from effective date].

§135-28-2. Administration.

2.1. The Chancellor for Community and Technical College Education shall administer the STAND Program under the general direction of the Council.

§135-28-3. Institution Eligibility.

3.1. Only public community and technical colleges authorized by the Council and offering associate of applied science degrees are eligible to participate in the STAND Program.

§135-28-4. Student Eligibility.

- 4.1. To be eligible for participation in the STAND Program, an applicant must:
- 4.1.1. Be a citizen or legal resident of the United States who meets the residency requirements for federal student aid;
- 4.1.2. Have been a resident of West Virginia for at least one year immediately preceding the date of application;
 - 4.1.3. Be at least 18 years of age;
- 4.1.4. Have earned a high school diploma or passed a state-approved high school equivalency exam:
- 4.1.5. Be currently enrolled in a registered apprenticeship program recognized by the United States Department of Labor's Office of Apprenticeship, or hold a Certificate of Completion of Apprenticeship issued by the U.S. Department of Labor;

- 4.1.6. Submit a completed STAND Program application and any additional documentation required by the Council or participating institution;
- 4.1.7. Be accepted for enrollment into a participating community and technical college and meet the institution's standards for admission and Satisfactory Academic Progress (SAP);
- 4.1.8. Prior to the beginning of the academic year or initial term of enrollment, complete any administrative forms or disclosures required by the Council, including a student agreement acknowledging program requirements and time limits.
- 4.2. Eligible students must be enrolled in one or more general education courses applicable to an associate of applied science degree program approved by the participating institution.
 - 4.3. STAND Program participants must complete and pass all general education coursework:
 - 4.3.1. Within six (6) years from the initial date of enrollment in the STAND Program; or
- 4.3.2. Within two (2) years following the completion of the apprenticeship program, whichever period is longer for apprentices;
 - 4.3.3. For apprenticeship certificate holders, within six (6) years from the initial date of enrollment.
- 4.4. Prior to the conferral of an associate degree under the STAND Program, the participating institution must verify that the student-apprentice has completed a sufficient number of credit hours through coursework delivered directly by the conferring institution to satisfy institutional residency requirements established by the institution's regional accrediting body. Such credits may not be awarded through prior learning assessment or credit transfer.
- 4.5. Students must maintain compliance with all institutional and Council policies, including program participation requirements, course attendance, and academic performance standards.
- 4.6. Students may be simultaneously enrolled in both a participating community and technical college and a registered apprenticeship program. Institutions may award academic credit through a Prior Learning Assessment (PLA) process for eligible apprenticeship-related learning outcomes, even if the apprenticeship experience occurs concurrently with college enrollment. Such credit:
- 4.6.1. May be applied only to the technical or program-specific components of the associate degree plan;
 - 4.6.2. May not be used to satisfy general education requirements for the degree;
 - 4.6.3. Must be documented in accordance with institutional policy; and
- 4.6.4. Must meet accreditor requirements for transparency, academic rigor, and student learning assessment.
- 4.7. Each eligible student may receive STAND Program funding for general education coursework until whichever of the following occurs first or with fewer credit hours:

- 4.7.1. The student has completed twenty-one (21) credit hours of general education coursework funded through the STAND Program over the student's lifetime, regardless of the number of institutions attended or degree programs pursued; or
- 4.7.2. The student has met all general education requirements for an associate degree at the host institution.

§135-28-5. Tuition and Fees.

- 5.1. Tuition and eligible academic fees for courses completed as part of the STAND Program shall be paid directly by the Council to the participating institution, subject to available appropriations.
- 5.2. Participating institutions shall not charge student-apprentices or apprenticeship certificate holders enrolled in the STAND Program any additional tuition, mandatory institutional fees, or academic course fees for eligible coursework covered under the program.
- 5.3. The rate of tuition and fees charged to the Council for courses funded through the STAND Program must be the same as the rates charged to all other students enrolled in the same or similar courses at the institution.
- 5.4. Institutions may not establish special tuition or fee structures for STAND Program participants that differ from those published in the institution's approved schedule of tuition and fees, unless expressly approved in writing by the Chancellor.
 - 5.5. Fees eligible for reimbursement under the STAND Program shall be limited to:
 - 5.5.1. Tuition;
- 5.5.2. Course- or program-specific academic fees approved by the Council (e.g., lab or testing fees); and
- 5.5.3. Other academic charges required of all students enrolled in the same course or program that are considered eligible for funding through the West Virginia Invests Grant program.
 - 5.6. Fees that are not eligible for reimbursement include:
 - 5.6.1. Tools, uniforms, textbooks, or other consumable supplies;
 - 5.6.2. Parking, late registration, or student activity fees;
- 5.6.3. Any other fee deemed ineligible for funding through the West Virginia Invests Grant program; and
- 5.6.4. Any costs associated with the apprenticeship component of the program, including on-the-job training expenses.
- 5.7. Participating institutions shall submit documentation of tuition and fee rates, course enrollments, and verification of student participation in the STAND Program in a format and timeline prescribed by the Chancellor.

§135-28-6. Awards and Payment.

- 6.1. Subject to available appropriations, the Council shall pay directly to eligible institutions the tuition and academic fees incurred by student-apprentices for eligible courses, the process for which shall be determined by the Chancellor.
- 6.2. The maximum award per term shall not exceed the actual cost of tuition and Council-approved academic fees for eligible courses.
- 6.3. Should a STAND recipient terminate enrollment for any reason during the academic year, the institution shall return to the Chancellor the unused portion of the grant in accordance with the refund policy associated with Federal Title IV funds. The institution is responsible for returning to the Council the unused portion of the grant.
 - 6.4. Excess STAND funds shall not be refunded to the student.

§135-28-7. Program Delivery.

- 7.1. Institutions shall deliver courses in a manner and on a timeline designed to allow eligible students to complete at least 15 credit hours of general education coursework toward an associate of applied science degree.
- 7.2. Delivery formats may include in-person, hybrid, or online instruction, subject to institutional capacity and accreditation standards.

§135-28-8. Reporting.

- 8.1. Institutions must submit program data to the Chancellor in a format and frequency prescribed by the Chancellor.
 - 8.2. Such data shall include:
 - 8.2.1. The number of student-apprentices and apprenticeship certificate holders enrolled;
 - 8.2.2. The number of associate degrees earned through the program;
 - 8.2.3. Completion and progression metrics;
 - 8.2.4. Feedback and concerns raised by students, apprenticeship sponsors, and institutions.
- 8.3. The Chancellor shall submit an annual report to the Legislative Oversight Commission on Education Accountability by December 1 of each year.

§135-28-9. Appeals.

- 9.1. An applicant may appeal in writing, the decline of an initial award or renewal award or any other decision within fifteen (15) days of receiving notification, to the Chancellor or his/her designee. The Chancellor, or his/her designee, shall issue a written decision upholding or reversing the initial decision.
- 9.2. Any applicant appeal of a decision concerning satisfactory academic progress shall be referred to the institution for resolution consistent with the institution procedures established for this purpose.

§135-28-10. Reconciliation and Audits.

- 10.1. Prior to the close of each fiscal year, the financial aid office at each participating institution shall reconcile all STAND Program records with the following:
 - 10.1.1. The Council's records of STAND awards and disbursements; and
- 10.1.2. The institution's business office records documenting all STAND-related payments received from the Council.
- 10.2. All participating institutions shall be subject to periodic audits to ensure compliance with STAND Program requirements, applicable state and federal financial aid regulations, and Council policies.
- 10.3. The Council may require institutions to submit documentation or respond to audit findings within a specified timeframe. Failure to comply may result in the suspension of STAND Program participation or recovery of disbursed funds.

West Virginia Council for Community and Technical College Education Meeting of May 29, 2025

ITEM: Revisions to Series 40, Equal Opportunity and

Affirmative Action

INSTITUTIONS: All

RECOMMENDED RESOLUTION: Resolved, That the West Virginia Council for

Community and Technical College Education approves revisions to Series 40, *Equal Opportunity and Affirmative Action*, to be filed with the Secretary of State for the 30-day public comment period and if no substantive comments are received, that the Council

extends its final approval.

STAFF MEMBER: Joseph Jenkins

BACKGROUND:

Revisions to Series 40, *Equal Opportunity and Affirmative Action*, are necessary to address recent changes to State law by Senate Bill 474, which ends diversity, equity and inclusion policies in higher education. The revisions remove references to:

- Affirmative action
- Sexual orientation and gender identity

TITLE 135 PROCEDURAL RULE

WEST VIRGINIA COUNCIL FOR COMMUNITY AND TECHNCIAL COLLEGE EDUCATION

SERIES 40 EQUAL OPPORTUNITY and AFFIRMATIVE ACTION

§135-40-1. General.

- 1.1. Scope. -- This rule establishes an equal opportunity and affirmative action policy.
- 1.2. Authority. -- West Virginia Code §18B-1-6 and §18B-1B-5.
- 1.3. Filing Date. -- November 20, 2018
- 1.4. Effective Date. -- December 20, 2018
- <u>1.5 Repeal of Former Rule. Repeals and replaces Title 135, Series 40 which had an effective date of December 20, 2018.</u>

§135-40-2. General Policy.

- 2.1. It shall be the policy of the West Virginia Council for Community and Technical College Education (Council) to provide equal employment opportunities to all qualified employees and applicants and to prohibit discrimination or harassment against any such individuals on the basis of protected characteristics. The Council considers ethnicity, marital status, race, color, religion, sex/gender, national origin, age, disability, genetic information, sexual orientation, gender identity and veteran status as protected characteristics and will not permit discrimination or harassment against any employee or applicant for employment on the basis of any such characteristic. The Council will conform both to the letter and the spirit of the law and regulations with respect to prohibiting any such discrimination or harassment and will encourage and support equal employment opportunity engage in affirmative action to ensure that institutions employ, advance in employment and treat all qualified persons without discrimination in any employment practices.
- 2.2. The scope of this policy prohibiting discrimination and harassment extends, but is not limited to, the following: recruitment, employment, promotion, transfer, training, working conditions, wage and salary administration, benefits, discipline, promotion, transfer, layoff, termination processes, and the application of all other employment-related policies. These principles of non-discrimination and anti-harassment also apply to the selection and treatment of independent contractors, personnel working on Council premises, and any other persons or firms doing business with the Council.

§135-40-3. Institutional Responsibility.

3.1. Under the Council's additional authority to allocate specified functions and responsibilities among the institutions within the jurisdiction of the Council, each institution shall accept primary and long-term responsibility for the development and implementation of equal employment opportunity and affirmative action-policies consistent with the Council's guidance and all applicable laws and regulations.

3.2. Each institution and the Council shall take the initiative in developing or modifying its own plans to achieve compliance with the equal employment opportunity and affirmative action policies of the Council as well as those of the state and federal governments. The president of each institution shall, through appropriate means, establish and maintain a positive program of equal employment opportunity and affirmative action within her/his jurisdiction in accordance with all laws and regulations applicable to the institution. The equal employment opportunity and affirmative action goals of the institution must be integrated into and consistent with other performance goals of the institution. The realistic goals and timetables of each institution shall be vigorously pursued to achieve a proportional representation of minorities and women in the workforce based on availability within the relevant workforce recruitment markets. The effective pursuit of affirmative action requires not only the adoption of an adequate plan, but also results oriented procedures designed to ensure the involvement of managers at all levels of each institution.

West Virginia Council for Community and Technical College Education Meeting of May 29, 2025

ITEM: Repeal of:

Series 33, Tech Scholars Scholarship Program

Series 43, *Purchasing Efficiencies*Series 51, *Bookstores and Textbooks*

INSTITUTIONS: All

RECOMMENDED RESOLUTION: Resolved, That the West Virginia Council for

Community and Technical College Education approves the repeal of Series 33, Tech Scholars Scholarship Program, Series 43, Purchasing Efficiencies, and Series 51,

Bookstores and Textbooks.

STAFF MEMBER: Joseph Jenkins

BACKGROUND:

All three rules proposed for repeal are obsolete. The Tech Scholars Scholarship Program no longer exists; the elements of the Purchasing Efficiencies rule have been adopted into other rules and policies; and the Bookstores and Textbooks rule was a rule enforcing Federal and State mandates placed upon the institutions to address the selection and affordability of textbooks, which the institutions have implemented.

TITLE 135 PROCEDURAL RULE

WEST VIRGINIA COUNCIL FOR COMMUNITY AND TECHNICAL COLLEGE EDUCATION

SERIES 33 TECH SCHOLARS SCHOLARSHIP PROGRAM

§135-33-1. General.

- 1.1. Scope. The West Virginia Council for Community and Technical College Education (Council) consistent with provisions of West Virginia Code §18B-2B-6, adopts the procedures and guidelines for the administration of the Tech Scholars Scholarship Program.
- 1.2. Authority. West Virginia Code §18B-2B-6
- 1.3. Filing Date. August 21, 2012
- 1.4. Effective Date. September 21, 2012

§135-33-2. Purpose.

2.1. The purpose of this rule is to set forth provisions for the administration of grant funding, the application process, the determination and awarding of grants, and the performance evaluation criteria for the Tech Scholars Scholarship Program. The purpose of the Tech Scholars Scholarship Program is to strengthen the quality of the State's technical workforce by providing scholarship funding to attract and graduate more students from applied technology programs that lead to employment in high-demand, high-wage occupations.

§135-33-3. Grant Eligibility.

- 3.1. Under the provisions of this policy, community and technical colleges, and any other institution so designated by West Virginia Code as a community and technical college, are eligible to apply for grant funding to support the Tech Scholars Scholarship Program.
- 3.2. To be eligible for a grant under this policy, a community and technical college must:
- 3.2.a. Have a compact approved by the West Virginia Council for Community and Technical College Education (Council);
- 3.2.b. Include strategies in the institutional compact to improve the quality of the workforce in the geographic region served by the college; and
- 3.2.c. Agree to all terms, conditions and deliverables as specified in the application for proposal and this policy.

§135-33-4. Program Provisions.

- 4.1. Under these provisions, eligible community and technical colleges may partner with employers to provide funding for the Tech Scholars Scholarship Program that provides opportunities for students to enroll and graduate from applied technology programs that, at a minimum, meet the following:
- 4.1.a. Must be applied technology programs in which documentation can be provided to validate the program prepares students for employment in high-demand, high-wage occupations that have a beginning salary not less than \$12.00 per hour and progressing upward over a three-year period and have documented evidence of high-demand for new employees; and
- 4.1.b. Must lead to an industry recognized credential, a Certificate in Applied Science, an Associate in Applied Science, and on a selected basis an Associate in Science in an applied technology program.
- 4.2. To be eligible to receive funding to provide scholarships under this program, a community and technical college must have commitments from employers or other private sources to match dollar for dollar the grant amount requested. In kind contributions are not permitted to meet the dollar match requirements, and the grant shall not be used to match donations to the general scholarship fund.
- 4.3. Funding from the grant must be directed to providing scholarships for a specific applied technology program or programs.
- 4.4. Funding provided by private donors may fund scholarships for non-resident students, and state funding shall be used to fund scholarships for resident students only. Resident students are those meeting the college's criteria for classification as an in-state resident.
- 4.5. Community and technical colleges shall develop criteria for awarding Tech Scholar scholarships that include but are not limited to student eligibility, amount of the award, time period, and requirements for retaining the scholarship.

§135-33-5. Grant Application.

- 5.1. The Chancellor of the West Virginia Council for Community and Technical College Education shall provide grant applications to all eligible institutions with any stated deadline for submission.
- 5.2. The Chancellor shall appoint a review committee comprised of Council staff and/or other appropriate individuals to review grant applications and make recommendations to the Council for funding.
- 5.2.a. To expedite the grant approval process, the Council may delegate to the Chancellor the authority to act upon the review committee's recommendations and report to the Council those actions at the next scheduled meeting of the Council.

- 5.3. Each proposal for Tech Scholars scholarship grant funding shall:
- 5.3.a. Identify the specific applied technology program or programs to receive scholarship funding
- 5.3.b. Specify goals to be achieved through scholarship funding
- 5.3.c. Specify criteria to be used to award scholarships
- 5.3.d. Identify the specific amount of funding being requested
- 5.3.e. Identify employer partners or other private sources providing funding for the dollar-for-dollar match requirement
- 5.3.f. Provide letters of commitment from employer partners or private donors indicating specific funding amounts committed for scholarships
- 5.3.g. Provide letters from employers indicating a need exists for graduates of the applied technology programs being impacted and the extent of the need, the beginning wage of graduates and the potential wage earnings after three years of employment
- 5.3.h. Identify the number of students to receive scholarships, the anticipated amount for each award and the duration of the scholarship.
- 5.3.i. Provide program data including but not limited to the current enrollment, number of graduates over the past five years, if applicable, fall-to-fall retention rates and job placement rates of graduates for the impacted applied technology programs.

§135-33-6. Accountability and Reporting Requirements.

- 6.1. The community and technical college receiving a grant under the provisions of the Tech Scholars Program shall submit to the Chancellor all requested accountability data and budgetary reports including but not limited to:
- 6.1.a. Annual and final reports detailing program expenditures;
- 6.1.b. A final report on goals achieved, number of students served, number of program completers, number of completers placed in employment and other information deemed necessary by the Council to evaluate the performance of the scholarship program.

TITLE 135 LEGISLATIVE RULE WEST VIRGINIA COUNCIL FOR COMMUNITY AND TECHNICAL COLLEGE EDUCATION

SERIES 43 PURCHASING EFFICIENCIES

SECTION 1 GENERAL

- 1.1 Scope This rule establishes the guidelines for the Commission and the institutions, individually or cooperatively, to maximize their use of bulk purchasing, reverse bidding, electronic market places and electronic remitting in the acquisition or procurement of materials, supplies, equipment and services.
- 1.2 Authority West Virginia Code §18B-5-9, §18B-17-6(b).
- 1.3 Filing Date: September 14, 2011
- 1.4 Effective Date: September 14, 2011

SECTION 2 DEFINITIONS

- 2.1 As used in this rule, all terms have the same meaning as provided in West Virginia Code §18B-1-2, and as follows:
 - 2.1.1. "Bid" means an offer to perform a contract for service, work and labor, or the supplying of goods, materials, equipment or printing at a specified price in accordance with the specifications in a request for bids.
 - 2.1.2. "Bidder" means one who makes a bid.
 - 2.1.3. "Bulk purchasing" means the acquisition or procurement of materials, supplies, equipment, services and printing in quantity in order to benefit from the most favorable terms, prices and economies of scale.
 - 2.1.4. "Buyer" means an individual designated by a chief procurement officer to perform designated purchasing and acquisition functions as authorized by the chief procurement officer.
 - 2.1.5. "Chancellor" means the chief executive officer of the Commission employed pursuant to W. Va. Code §18B-1B-5.

- 2.1.6. "Chief procurement officer" means the individual designated by a president of a state institution of higher education to manage, oversee and direct the purchasing, acquisition and inventory management of materials, supplies, equipment, services, and printing, and disposal of obsolete and surplus materials, supplies, and equipment for that institution. For the Commission's Office and West Virginia Network for Educational Telecomputing, the chief procurement officer is the person designated by the Chancellor.
- 2.1.7. "Commission Office" means the office that houses the Chancellor, Vice Chancellor for Administration and other Commission staff.
- 2.1.8. "Commodity" means an article which is useful or serviceable, particularly an article of merchandise movable in trade; a good, or service of any kind, including construction; an article of trade or commerce; things that are bought and sold.
- 2.1.9. "Competitive bidding" means bids that are submitted in response to an invitation, public notice or advertisement of an intended sale or purchase.
- 2.1.10. "Electronic marketplaces" means an environment in which participating buyers and sellers exchange information about prices and product offerings and the procurement and payment process is conducted primarily via the Internet and websites of both the buyers and sellers.
- 2.1.11. "Electronic remitting" means to send or transmit documents, information or money (as in the transfer of funds or for payment of goods and services) by means of computer, telephone or electronic instrument from the originator to the recipient.
- 2.1.12. "Essential service" means something basic; a commodity that is necessary, indispensable, or unavoidable and is purchased in a routine, repetitive, and noncompetitive manner.
- 2.1.13. "F.O.B. destination" and "free on board destination" mean the seller or vendor must transport or pay for the transportation of the materials, supplies, equipment, services and printing, to the point of destination specified in the contract.
- 2.1.14. "Governing Boards" or "Boards" means the institutional boards of governors created pursuant to West Virginia Code §18B-2A-1(b).
- 2.1.15. "Institution(s)" means any public West Virginia university, college, community and technical college, individually or collectively, created

- pursuant to West Virginia Code §18B-1-2. For the purposes of this rule, the Commission's Office and West Virginia Network for Educational Telecomputing shall also be considered institutions.
- 2.1.16. "President" means the executive officer of an institution.
- 2.1.17. "Sole source" means only one vendor can supply the desired product or service.
- 2.1.18. "Single source" means that the desired product or service is available from only one supplier because of the uniqueness and characteristics of the product or service offered.
- 2.1.19. "Responsible bidder" and "responsible vendor" mean a person and/or vendor who have the capability in all respects to perform contract requirements, and the integrity and reliability that will assure good faith performance.
- 2.1.20. "Responsive bidder" and "responsive vendor" mean a person and/or vendor who have submitted a bid that conforms in all material respects to the invitation to bid.
- 2.1.21. "Reverse Bidding" means (1) an offer by an intended purchaser to a seller to pay a designated price for the specified material, supplies, equipment, services and printing; (2) the buyer uses the electronic marketplace to set a date and time for interested vendors to bid on certain commodities, an opening bid is made, and other vendors follow by bidding downward until no one chooses to sell to the buyer at a lower price.
- 2.1.22. "Sealed bid" means bid submitted under seal, and which is not to be opened until a specified time at which all bids are to be opened and compared.
- 2.1.23. "Vendor" means a seller of goods and services.
- 2.1.24. "West Virginia Council for Community and Technical College Education" or "Council" means the Council created pursuant to West Virginia Code §18B-2B-1 et seq.
- 2.1.25. "Vice Chancellor for Administration" means that person employed by the Chancellor in accordance with West Virginia Code §18B-4-2. The Vice Chancellor for Administration shall assume all powers and duties that were assigned to the Senior Administrator.

SECTION 3 APPLICABILITY

3.1 This rule applies to all institutions as defined in Section 2.

SECTION 4 PURCHASE OR ACQUISITION OF MATERIALS, SUPPLIES, EQUIPMENT, SERVICES, CONSTRUCTION AND PRINTING

4.1 As provided by this rule, the Commission and institutions may institute the following purchasing practices either individually or cooperatively for purchase or acquisition of materials, supplies, equipment, services and printing.

4.2 Bulk Purchasing:

- 4.2.1. The Commission shall establish a working committee consisting of Commission staff and institutional representatives to identify the materials, supplies, equipment, services and printing that may reasonably be purchased in bulk to take advantage of economies of scale. In compiling this list and in assessing the economic advantage of purchasing a commodity or service in bulk, the committee shall consider the acquisition cost of the commodity or service, included but not limited to, delivery costs, handling and storage costs, timing of purchases and customer satisfaction. This committee shall also monitor and report to the Chancellor from time to time on any cost savings and efficiencies realized from bulk purchasing.
- 4.2.2. Bulk purchase contracts may be bid and entered into by either the Commission or an institution on behalf of all institutions. Once issued, the Commission and all institutions participating in the contract shall use it as the primary source of procurement of the commodities or services provided in the contract. The Chief Procurement Officer may authorize purchases off the contract if it is deemed to be in the best interests of the Commission or institution to do so. If an institution decides not to participate in a bulk purchase contract, the institution's Chief Procurement Officer shall state in writhing the reason(s) for not participating and the cost savings resulting therefrom.

4.3 Reverse Bidding:

4.3.1. The Commission shall establish a working committee consisting of representatives from the Commission staff and institutions to implement reverse bidding for all public higher education institutions within the State. The working group shall review currently accepted reverse bidding practices within both corporate America and higher education to determine what is most appropriate to West Virginia higher education. Software and other enabling media shall also be investigated. Recommendations shall be made in a timely manner by

the group which addresses commodities to be purchased through reverse bidding, software and enabling media, implementation procedures, and time lines to effect reverse bidding within higher education in the State.

4.4 Electronic Marketplaces:

- 4.4.1. Electronic marketplaces, also know as e-procurement, will allow the Commission and the institutions to buy or sell goods and services in a digital environment. This procurement method takes advantage of combined purchasing power, improved processes and will allow better utilization of automated systems. It will also integrate higher education buyers directly into the market place, aide in sharing best business practices and assist buyers in gaining control and thus strengthen vendor relationships, gaining access to tracking mechanics which will provide the ability to tract and report hard dollar savings.
- 4.4.2. This method of purchasing is relatively new and it will require research and planned implementation before the Commission and the institutions can take full advantage of it as a common purchasing method. As a result, a committee of Commission and institution staff will be formed to develop this method as a viable alternative to other procurement methods, plan its implementation and identify the goods and services that may be most effectively acquired using this method. Once these tasks are accomplished, this method may be employed in the acquisition of goods and services.

4.5 Electronic Remitting:

- 4.5.1. The Commission and the institutions may utilize electronic remitting in the course of transacting business with vendors, other private entities, state agencies and governmental units. This includes but is not limited to:
 - (a) Remitting payment for goods and services electronically to vendors.
 - (b) Electronically performing the processes and providing documents to the Attorney General, State Auditor, the Department of Administration and other governmental agencies which are required by W. Va. Code and normal business practices.
- 4.5.2. A committee composed of Commission staff and institutional representatives shall work with the State Auditor to implement, by December 31, 2003, an easy to use, cost effective and efficient

- program to electronically remit payment for goods, services, utilities, etc. to vendors and providers.
- 4.5.3. In order to gain efficiencies and economy of operation the following processes required by W. Va. Code may be performed electronically using existing technology, software and procedures:
 - (a) Encumbrance: Purchases exceeding the dollar amount identified in W. Va. Code §18B-5-4(a)(5), for purchases by sealed bids and competitive bidding, may be directly and electronically entered into the state's centralized accounting system by the staff of the Commission or the governing boards to satisfy the requirements of article two, chapter five-a, and more specifically, sections twenty-six, twenty-seven and twentyeight to determine whether the amount of the purchase is within the Commission's or governing board's quarterly allotment, is in accordance with the approved expenditure schedule, and otherwise conforms to the provisions of article two, chapter five- The electronic entry shall be in lieu of any hard copy or paper submission. Purchases not exceeding the dollar amount in W. Va. Code §18B-5-4(a)(5) do not require encumbrance and shall be accounted for and liquidated in the state's centralized accounting system through the payment process.
 - (b) Filing contracts with the State Auditor: The Commission and the institutions may file contracts with the State Auditor as required by W. Va. Code §18B-5-4(i) electronically or may make these contracts available to the State Auditor by any other acceptable means.

TITLE 135 PROCEDURAL RULE

WEST VIRGINIA COUNCIL FOR COMMUNITY AND TECHNICAL COLLEGE EDUCATION

SERIES 51 BOOKSTORES AND TEXTBOOKS

§135-51-1. General.
1.1. Scope. Rule establishing process and guidelines for institutions to adopt rules governing the selection, adoption, use and sale of textbooks and other course materials.
1.2. Authority. — W. Va. Code §§18B-1B-4; 18B-10-14.
1.3. Filing Date. — April 22, 2010.
1.4. Effective Date May 22, 2010.
§135-51-2. Purpose.
2.1. To require institutions to promulgate rules that fully and adequately address the mandates in W. Va. Code §18B-10-14 regarding the operation of bookstores and the actions of employees of the institution in the selection and adoption of textbooks and course materials.
2.2. To require institutions to promulgate rules that will effectuate the mandates regarding textbooks and supplementary course materials set out by Congress in the Higher Education Opportunity Act (HEOA) enacted on August 14, 2008, and any successor to that Act.
2.3. To require institutions to promulgate rules addressing the recommendations of the Statewide Fask Force on Textbook Affordability contained in the final report of that Task Force jointly adopted by the Higher Education Policy Commission and the Council for Community and Technical College Education (Council).
§135-51-3. West Virginia Code Mandates.
3.1. Each institutional governing board under the jurisdiction of the Council shall promulgate rules that fully and adequately address the statutory mandates of W. Va. Code §18B-10-14. Specifically, these rules shall, at a minimum:
3.1.a. Provide specific mechanisms to ensure that bookstores operated at institutions under the governing board's jurisdiction minimize the costs to students for textbooks and course materials. To that end, the governing board rule shall:
3.1.a.1. Commit, to the maximum extent practicable, to the number of used books the pookstore will repurchase from students at the end of each semester.
3.1.a.2. Commit, to the maximum extent practicable, a range of percentage repurchase prices pased on the new textbook price.

certain basic textbooks will be utilized for a reasonable number of consecutive years without new editions

3.1.a.3. Commit, to the maximum extent practicable, to a selection procedure that will ensure

in the courses.

§135-51-4. Federal Mandates.

operation is utilized for non-athletic scholarships at the institution.

4.1. Each institutional governing board under the jurisdiction of the Council shall promulgate rules that fully and adequately address the federal mandates regarding textbooks contained in the Higher

Education Opportunity Act of 2008 (Public Law 110-315). Specifically, these rules shall, at a minimum:			
4.1.a. Provide that textbook publishers soliciting any employee of the governing board to select textbooks or supplemental course material provide that employee, in writing:			
4.1.a.1. The price of the textbook and supplemental course materials;			
4.1.a.2. The copyright dates of the three previous editions, if any;			
4.1.a.3. A description of substantial content revisions from the previous editions;			
4.1.a.4. Whether the textbook is available in other lower cost formats and, if so, the price to the institution and the general public;			
4.1.a.5. The price of textbooks unbundled from supplemental material; and			
4.1.a.6. The same information, to the extent practicable, for custom textbooks.			
4.1.b. Provide that no employee of the governing board shall select or assign a textbook or supplemental course materials if the publisher has not supplied the information, in writing, required by Section 4.1.a. of this rule.			
4.1.c. Provide that the institution shall provide on its electronic course schedule, or through a link to its bookstore's website, prior to course enrollment each semester for all required or recommended textbooks and supplemental material:			
4.1.c.1. The ISBN number and retail price, or if the ISBN number is not available then the author, title, publisher and copyright date;			
4.1.c.2. If such disclosure is not practicable, then the designation "To Be Determined".			
4.1.c.3. A reference shall be made on any written course schedule to the information available on the electronic course schedule accessible through the institutional website and the internet address for the electronic course schedule.			
4.1.d. Provide that the institution will include on its website or through a link to its bookstore's website and electronic course schedule any of its policies or provisions for:			
4.1.d.1. Rental of textbooks;			
4.1.d.2. The purchase of used textbooks;			
4.1.d.3. Textbook repurchase or buy backs; and			
4.1.d.4. Alternative content delivery programs.			
4.1.e. Provide that the institution will update its policies to comply with any future federal mandates.			

§135-51-5. Textbook Affordability Committee.

5.1. Each institution shall establish a permanent Textbook Affordability Committee consisting of faculty, students, administrators and bookstore representatives which shall meet periodically, but at least

annually, to advise the faculty senate, student government, administration, and institutional board of governors on affordability issues and initiatives, textbook selection guidelines and strategies, and educational opportunities.

5.2. The governing board shall annually meet with the Textbook Affordability Committee to receive any recommendations or reports it may have generated and copies of any such recommendations and reports shall be transmitted to the Chancellor of the Council.

§135-51-6. Required Provisions.

6.1.a.12. Addressing the institution's commitment to utilizing various 21st Century

on-line textbooks, print-on-demand services, open source materials, and institution produced textbooks;	
6.1.a.13. Periodically updating their rules to address emerging technologies or new strateg which address textbook affordability.	ies
§135-51-7. Deadline.	
7.1. The rules required by this rule shall be adopted by each governing board within 180 days of teffective date of this rule.	he

WV Council for Community and Technical College Education Meeting of May 29, 2025

ITEM: 2026 Council Meeting Schedule

INSTITUTIONS: All

RECOMMENDED RESOLUTION: Resolved, That the West Virginia Council for

Community and Technical College Education adopts the recommended meeting schedule for

calendar year 2026 as presented.

STAFF MEMBER: Sarah Tucker

BACKGROUND:

Although consideration was given to currently scheduled, statewide and national conferences, we understand that it is difficult to avoid all scheduling conflicts. The recommended meeting schedule was also developed in consideration of joint staff whose responsibilities include preparing agenda items for both the West Virginia Council for Community and Technical College Education and Higher Education Policy Commission meetings and their attendance at these meetings.

Therefore, the following meeting schedule for calendar year 2026, is recommended for adoption by the West Virginia Council for Community and Technical College Education, with the understanding that additional meetings may be necessary for time-sensitive or emergency issues.

2026 COUNCIL MEETING DATES	LOCATION
January 22, 2026	Zoom
April 23, 2026	Zoom
June 4, 2026	In-Person (Location TBD)
August 13, 2026	Zoom
October 22, 2026	In-Person (Location TBD)
December 3, 2026	Zoom
